### PROFESSIONAL SUMMARY

Software Application Developer with **15+ years of experience** designing, developing, and maintaining enterprise web applications using **ASP.NET Web Forms, ASP.NET, C#, and SQL Server**. Background spans long-term full-time enterprise roles as well as an independent freelance engagement managing complete client projects end-to-end. Strong focus on SQL Server performance tuning, REST API integration, and IIS deployment — recently reduced a core reporting query's execution time from 8 seconds to 300 milliseconds.

### CORE SKILLS

|                |                   |           |                    |         |                             |
|----------------|-------------------|-----------|--------------------|---------|-----------------------------|
| C#             | ASP.NET Web Forms | ASP.NET   | SQL Server / T-SQL | ADO.NET | REST API                    |
| IIS Deployment | JavaScript        | Bootstrap | HTML/CSS           | Git     | Client Requirement Analysis |

### PROFESSIONAL EXPERIENCE

#### Senior Software Engineer — Southall Travel Limited (Onkar Infotech), Gurgaon

Jul 2021 – Present

5 Yrs 1 Mo · Full-time

- Develop and maintain enterprise web applications built on C#, ASP.NET, and SQL Server.
- Collaborate with cross-functional teams to gather requirements and deliver features on schedule.
- Troubleshoot and resolve production issues, ensuring application stability and performance.

Add 1–2 specifics here (product name, team size, a measurable result) once confirmed.

#### Dot Net Developer — Freelance / Independent Contractor (Remote)

FREELANCE

2019 – 2021

2 Yrs

- Independently managed the full project lifecycle for a remote client, from requirement gathering through deployment.
- Worked directly with client stakeholders to translate business requirements into functional ASP.NET/C# applications.
- Delivered and supported the solution single-handedly across the full stack — C#, SQL Server, and JavaScript.

**Senior Dotnet Developer** — Southall Travel Limited (Onkar Infotech), Gurgaon

Jul 2015 – Jul 2019  
4 Yrs 1 Mo • Full-time

- Developed, implemented, and supported software, web pages, and web applications using Microsoft .NET technologies.
- Built and maintained SQL Server-backed data layers for enterprise applications.
- Supported the full development lifecycle from design through deployment and ongoing maintenance.

**Software Engineer** — Million Minds Management Services Ltd, Gurugram

2013 – 2015  
2 Yrs • Full-time

- Developed, implemented, and supported software, web pages, and web applications using Microsoft .NET technologies.
- Contributed to internal tools supporting logistics and courier operations.

**Dotnet Developer** — Softspark Technologies, Gurugram

Jul 2010 – Jul 2013  
3 Yrs 1 Mo • Full-time

- Worked as a software developer and web developer, building ASP.NET-based web applications.
- Built foundational expertise in C#, SQL Server, and web development practices early in career.

**EDUCATION**

[Add degree, institution, year — e.g., B.Tech in Computer Science, XYZ University, 2009]

**CERTIFICATIONS**

[Add any certifications, e.g., Microsoft Certified: Azure Fundamentals]

**BACKGROUND VERIFICATION**

All employment details listed above are accurate and available for verification through official HR records. Open to background verification checks as required by the employer.
